[-] - repeat over several stitches given number of times

Good to know

- Each round end with a sl st in the first st, unless otherwise stated.
- Initial stitches on a row with a new color are made as standing stitches, it is fine to replace them with chain-st according to; 1 sc = ch1, 1 hdc = ch2, 1 dc = ch 3
- Continue with given color until new is specified.
- Total number of stitches within (-) at the end of each round.
- The piece can cup after some rounds, this corrects itself when blocking.
- When it says "start in a ch-sp" it means a ch-sp in a corner.
